## **Main Responsibilities:**

Overseeing the installation of Kitchens and Bedroom Furniture.

Ordering cabinetry, appliances and worktops in collaboration with the design team.

Check measuring sites at several different stages throughout the project.

Identifying and resolving any issues on site as early as possible.

Liaising with builders and developers regarding all aspects of the build.

Liaising with suppliers.

Organising the fitting teams accordingly.

Identify and complete snagging lists.

Attending site meetings, supplying complete handover packages to clients.

Providing excellent customer service at all times including after sales service.

## **Experience:**

Ability to read technical drawings essential.

Kitchen installation experience desirable.

Understanding of Carpentry, Electrics and Plumbing desirable.

Knowledge of Kitchen products desirable.

## **Skills:**

Excellent customer service skills.

Excellent organisational skills.

Ability to manage several projects at once.

Ability to work unsupervised and manage your own workload.

Ability to perform any installation work if needed.

Good problem solving skills, ability to think on your feet.

**Job Type:** Full-time

**Salary:** Negotiable - (we will supply a van and phone)

## **Job Location:**

Interior360, Unit 7 Locksley Business Park, 39 Montgomery Road, Belfast.  
BT6 9HL

## **Required licence or certification:**

- Full UK Driving Licence
